Enroll in Music Together® con Español

Music Together con Español is a bilingual English/Spanish version of the Music Together mixed-age class you know and love. It's perfect for Spanish speakers looking for a more accessible way to experience Music Together, as well as for those who want some exposure to the Spanish language through music. For all families, it's Music Together *con un giro*—with a twist!

The songs in each collection have been recorded in a mixture of English and Spanish, which you'll take home. And, in addition to your weekly classes and the bilingual recording, you'll receive the new English-language illustrated songbook, a booklet with the Spanish lyrics, and a family newsletter with more at-home music-making ideas that can *hacer que cada día sea más divertido*—make every day more fun!
